[2nd Grade supply list:](#)

[This is the supply list for as posted on the SJV website.](#)

[Please note: a pencil pouch would be more convenient than a box, but either will be fine.](#)

[Grade 2: 4 pink pearl or magic rub erasers, 1 box thin washable markers and 1 box thick washable markers, 2 large glue sticks, 1 red and 1 yellow PLASTIC pocket folder with horizontal pockets only, 1 pkg. of pencil top erasers, and a medium sized pencil box that will fit inside desk. For the classroom: 1 box of family sized tissue, 1 roll of paper towel, 1 large container of antibacterial wipes, hand sanitizer and headphones.](#)

A LITTLE ABOUT ME...

I am so excited to be teaching second grade at St. John Vianney. I look forward to working with you and your child this school year. Though we have restrictions for entering the building this year, I look forward to keeping open communication between home and school. Please feel free to contact me. Email will be the quickest way to get in touch with me. I have it linked to my phone and will check often.

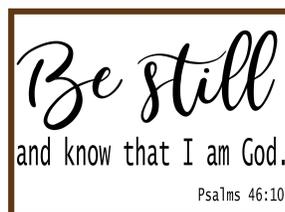

Here is a little about me...

I have been teaching within the Genesee County Catholic Schools for more than twenty years. I look forward to beginning a new path here in our second grade classroom.

My personal path of education began at Central Michigan University where I earned a Bachelor of Science Degree in Elementary Education with a major in science and a minor in language arts. I then continued my education at Eastern Michigan University where I received my Masters of Arts Degree in early childhood education. I have also completed a specialist certification in special education in autism spectrum disorders from Oakland University.

I look forward to this school year and am happy to be with this group of children here in the second grade.

Mrs. Dunkel

We will be using the Super Kids program again this year. I am looking forward to having this very detailed program to use. Please read this beginning letter from Super Kids-

Dear Family,

Second grade is an important school year in which children must cross the bridge from learning to read, a child's most important task in kindergarten and first grade, to reading to learn, a child's most important task in future years. To help us on this journey, our class will be using Superkids, a highly motivational core reading and language arts program. Each day, our class will have Word Work to review and expand on the essential phonics, spelling, and grammar skills children learned in first grade. Children will read stories about their friends—the Superkids—and also popular trade-book fiction in the Book Club for Super Kids. The Book Club includes longer chapter books in a variety of genres. Children will also explore real-world science, social studies, and arts topics in SUPER, an informational magazine created just for second graders. At the end of each week, we'll have a spelling test. Your child will bring home Backpack Pages to practice the spelling words. One Backpack Page each week will help your child develop another important skill, fluency. Fluency is the ability to read smoothly and accurately at a speed that's not too slow or fast. Have your child practice reading aloud the story or informational article on the Backpack Page multiple times during the week. With each reading, your child should be able to read more fluently. The online parent portal can keep you up to date on what your child is learning in the Superkids program each week. You can expect to see your child will grow tremendously as a reader and writer throughout the school year.
